Jean Jewell
 Commission Secretary
 Idaho Public Utilities Commission
 472 W. Washington St.
 Boise, ID 83702

Dear Ms. Jewell,

Pursuant to Commission Order 32272, please find attached the NW Energy Coalition's Petition for Late Intervention to the Public Utilities Commission in Case No. IPC-E-11-08. This petition is being filed electronically to the Commission and all other parties in the Case. Four copies are being submitted to the Commission via mail.

Respectfully submitted,

Nancy Hirsh

OF IDAHO POWER COMPANY FOR)	
AUTHORITY TO INCREASE ITS RATES)	PETITION FOR LATE
AND CHARGES FOR ELECTRIC)	INTERVENTION
SERVICE IN IDAHO)	
)	NW ENERGY COALITION

COMES NOW, The NW Energy Coalition (“Coalition”) and pursuant to this Commission's Rules of Procedure, Rule 71 IDAPA 31.01.01.071 and 073 hereby requests permission for late intervention in the above- referenced case, IPC-E-11-08. The name and address of this intervener and our interests in this case are presented as follows:

A. The Coalition’s business address is:

NW Energy Coalition
811 1st Ave
Suite 305
Seattle, WA 98104
206-621-0094

B. The Coalition will be represented in this proceeding by Nancy Hirsh, Policy Director of the Coalition. Correspondence in this docket can be sent to the above address or via email to: nancy@nwenergy.org. Ms. Hirsh's cell phone is: 206-409-9217

C. The Coalition is a non-profit organization under section 501(c)(3) of the Internal Revenue Code. The Coalition has 11 organizational members located in Idaho, representing more than 100,000 citizens. The Coalition’s primary purpose is to promote an energy future that is clean, reliable, affordable, and equitable. Due to its historic and ongoing work with utility companies and others to achieve these goals, the Coalition possesses unique interest in the outcome of this proceeding.

D. The Coalition has a special interest in this proceeding for the following reasons: (1) Coalition members will be directly affected by rate changes for the residential class; (2) the fixed cost recovery mechanism and rate design modifications that are proposed in this proceeding may

affect customer investment in energy efficiency and affordability for low-income customers; and (3) treatment of demand response incentives as power supply expenses could impact overall commitments to energy efficiency and the strategy for DSM investments. The Coalition intends to examine these and other issues in this proceeding. We believe that our participation in this proceeding will assist the Commission and the Parties in working toward a successful outcome by bringing our considerable energy efficiency and rate design expertise to the case to protect its interest in ensuring adequate and effective DSM investments throughout the Pacific Northwest region.

E. The Coalition offers this process considerable expertise arising from its long-term role in advocating for DSM investments in Idaho and across the region. The Coalition has been a member of the Idaho Power Energy Efficiency Advisory Group since 2003. Petitioner, Nancy Hirsh, has participated in Commission sponsored workshops on DSM incentives and is a member of the Idaho Energy Efficiency Task Force. The Coalition has previously been granted intervener status in cases regarding Idaho Power before the Idaho Public Utilities Commission, including a rate case (Docket No. IPC-E-03-13).

F. The Coalition applies for late intervention under IDAPA 31.01.01.073 due to a death in the family of Ms. Hirsh and an extended absence from the office. The Coalition has no intention of unreasonably broadening the issues, burdening the record or delaying the proceedings through its intervention.

G. To further support the PUC and other parties in this case and to speed responsiveness of the Coalition, the Coalition requests Electronic Service Only for document distribution in this proceeding.

For the foregoing reasons, the Coalition requests the Commission grant its Petition for Late Intervention in this matter.
