Dear Members I P U C,  
Thank you for all the hard  
work you do to keep our electric  
prices down.

On our senior income, we  
get no COLA - so far, for each  
dollar our electric costs go up,  
our income diminishes.

Please do all you can  
to hold the line on any  
requests fr. Id. Power!

Please describe your comment briefly:

I think this is beyond obcession for this commission to give idaho power company any kind of a rate increase. They will file another increase and this board give it to them every time.

What are you going to do when this economy folds and there is no money anywhere to give this power company. I am discussted with this commission and think you all should be replaced. Most of the issues are based on speculation with idaho power for future needs. Its a bunch of crap. You are hurting Idaho. You are hurting the elderly. when are you going to ask idaho power why they give there ceo 4 million a year. NO man on earth is worth this and it needs to stop.
