Re: In the Matter of the Application of Idaho Power Company for an Order Authorizing up to \$450,000,000 Aggregate Principal Amount at any One Time Outstanding of Short-Term Borrowings

Case No. IPC-E-11-12

Dear Ms. Jewell:

Idaho Power Company filed its securities issuance application with the Commission in the above referenced case on July 1, 2011. However, the Company inadvertently failed to provide for newspaper notice of the application within seven days after the application filing date, as called for in Rule 141.08 of the Commission's Rules of Procedure. Accordingly, pursuant to discussions with Terri Carlock, Accounting Section Supervisor of the Commission, Idaho Power is filing this letter with the Commission to "restart" the publication timeline for Idaho Power's securities application under Rule 141.08, effective July 29, 2011. Idaho Power will arrange for newspaper notice of the application within seven days after July 29, 2011, as provided in Rule 141.08, and also agrees that the Commission's 30-day disposition period for the securities application will commence on July 29, 2011. These changes will provide for the public notice called for in the Commission's Rules and establish compliance with Rule 141.08.

Please feel free to contact me at 388-2878 or at pharrington@idahopower.com if you have any questions regarding this letter.

Sincerely,

c: Terri Carlock
