February 12, 2012

On Friday, February 10, 2012, I received a copy of Idaho Power's Answer to the IPUC Summons for Case Number IPC-E-12-04. Idaho Power's Answer has some erroneous assertions that require response. There was not time enough to write a rebuttal to have it available to the Commission on Monday morning. I anticipate being able to prepare the rebuttal and to have it to the Commission by the following Monday, February 20, 2012 if not before.

Vicky Davis' complaint was combined with my complaint under case IPC-E-12-04. She is also preparing a rebuttal. We will combine our rebuttals and mail them together.

Thank you,
Bonnie Menth
