CASE NO. IPC-E-12-24

PETITION TO INTERVENE OF THE
IDAHO CONSERVATION LEAGUE

COMES NOW the Idaho Conservation League ("ICL") and hereby requests leave to intervene in the above captioned matter pursuant to the Idaho Public Utilities Commission Rules of Procedure, IDAPA 31.01.01.071-073. As discussed below, ICL has direct and substantial interests in these proceedings, and therefore should be granted intervention.

1. The name of this intervenor is:

Benjamin J. Otto
Idaho Conservation League
710 N. 6th st.
Boise, Idaho 83702
Ph: (208) 345-6933 x 12
Fax: (208) 344-0344
botto@idahoconservation.org

Please provide copies of all pleadings, production requests, production responses, Commission orders, and other documents to the name and address above. In the interest of conserving natural resources and reducing the costs to all parties, please provide hard

copies of pleadings, testimony, and briefs only. Production requests, responses, notices, Commission orders, and other filings may be submitted via electronic mail in accordance with IPUC Rules 31.01.01.063.02-03.

2. Idaho Conservation League claims a direct and substantial interest in this proceeding arising from the impact to us and on behalf of our members as customers of Idaho Power. ICL has an interest as a small commercial customer of Idaho Power taking service under schedule 7. As Idaho's largest state-based conservation organization, we represent over 20,000 supporters, most of whom are residential customers of Idaho Power. On behalf of our organization and our members, ICL has a long-standing interest in expanding cost effective energy efficiency and conservation in Idaho. This interest includes being a party to, and joining the stipulation in, the prior iteration of this case, IPC-E-10-27. As a small commercial customer, on behalf of our residential customer members, and as a long-standing advocate for energy efficiency in Idaho, ICL brings a unique and valuable perspective to this proceeding. Because this Commission has directed all utilities to pursue all cost effective efficiency and conservation measures, ICL's intervention will not unduly broaden the issues in this proceeding.

3. ICL intends to fully participate in this matter as a party. The nature and quality of ICL's intervention in the proceeding is dependant upon the nature and effect of other evidence in this proceeding. If necessary ICL may introduce evidence, be heard in argument, and call, examine, and cross-examine witnesses. ICL intends to seek intervenor funding pursuant to IDAPA 31.01.01.161-165.

WHEREFORE, ICL respectfully requests the Commission grant this petition.

DATED this 19th day of November, 2012.

Respectfully submitted,

Benjamin J. Otto
Idaho Conservation League
