Re: IPC-E-12-27 – Annual Net Metering Report  
Informational Letter Advising of New Due Date

Dear Ms. Jewell:

In a January 7, 2015, telephone conversation between Idaho Power Company (“Company”) Regulatory Affairs Staff and Idaho Public Utilities Commission (“Commission”) Staff, it was agreed that the Company will file its annual Net Metering Report by April 30<sup>th</sup> of each year. The Company filed its first Net Metering Report on February 28, 2014, and at that time notified the Commission of its intent to file subsequent annual reports by the end of each February. Because complete information about the annual transfer of excess energy credits will not be available until the end of March each year, the April filing date of the report will allow the report to contain more comprehensive data.

If you have any questions about this informational letter, please contact me at 388-5825 or Connie Aschenbrenner at 388-5994 or [caschenbrenner@idahopower.com](mailto:caschenbrenner@idahopower.com).

Sincerely,

Lisa D. Nordstrom
