Attorney for the Idaho Conservation League

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF THE)
APPLICATION OF IDAHO POWER)
COMPANY FOR AUTHORITY TO)
MODIFY ITS NET METERING)
SERVICE AND TO INCREASE THE)
GENERATION CAPACITY LIMIT.)

CASE NO. IPC-E-12-27
MOTION OF THE IDAHO
CONSERVATION LEAGUE

The Idaho Conservation League (ICL) hereby specifically requests a technical hearing in this matter pursuant to I.C. § 61-623 and IDAPA 31.01.01.241 - 260. Idaho Power's proposed revision to the net metering tariff involve detailed technical material including reviewing the cost of service results, rate designs, tariff modifications, and interconnection procedures. ICL will conduct discovery, call an expert witness to review the technical aspects of the proposal, and offer a detailed counter proposal. Further, many of the public comments filed with the Commission thus far have specifically requested a hearing on this matter. ICL submits that no hearing is required on this motion as the Commission's Notice of Application Order No 32751 appears to contemplate conducting a technical hearing and Idaho Power's Application states the Company is prepared to present testimony at such hearing. *See IPC Application at 9.* It is in the public interest to conduct a full technical hearing on this issue to ensure the details of the proposal are fully examined.

Respectfully submitted this 29th day of January 2013,

Benjamin J. Otto
Idaho Conservation League
