**Auto forwarded by a Rule**

**Dear Ms Jean Jewell, Secty of PUC ...**

**NEVER** should a person/family/business be penalized for using green energy! For 10,000 years until 1946 ALL food was organic .. then chemicals came in.

In this day and [should be] age of progressive intelligence **EVERYONE** and **EVERYTHING** should be "green" and "organic". How did we as a human race get so far away from real life?

The green power users are using power that benefits **ALL** of Planet Earth, does not harm it. Please do not allow Idaho Power to penalize those who use green power.

Sincerely,
