Address: 668 S Whisperwood Way
Boise ID, 83709

Name of Utility Company: IPC
Acknowledge public record: True

Comment: Solar Net Metering

I realize IPC wants to punish solar generators. I suppose in a secular, greedy society, that would be appropriate.

Rather, lets poll citizens about their willingness to pay a buck a month to support a Feed In Tariff to encourage roof top residential solar systems.

Hasn't IPC implemented a Feed In Tariff in their Oregon service area?

Why not Idaho?
