Re: Case No. IPC-E-13-02  
J.R. Simplot Company Energy Sales Agreement – Replacement Page 36  
for Agreement

Dear Ms. Jewell:

On February 20, 2013, in Case No. IPC-E-13-02, Idaho Power Company ("Idaho Power") filed an Application with the Idaho Public Utilities Commission ("Commission") for approval of the Energy Sales Agreement ("ESA") between Idaho Power and J.R. Simplot Company ("Simplot") under which Idaho Power will purchase electric energy generated by the Simplot-Pocatello cogeneration plant near Pocatello, Idaho.

Idaho Power discovered a clerical error on page 36 of Appendix D of the ESA. Section D-2 should read "For all Base Energy received during **Light** Load . . ." instead of "For all Base Energy received during **Heavy** Load . . ." To correct this clerical error and prevent any potential confusion, Idaho Power seeks to replace page 36 of Appendix D with the enclosed page. A redlined version of page 36 showing the correction is also enclosed for the Commission's ease of reference. Idaho Power has spoken with Simplot about this issue and has sent Simplot a replacement page for its final version of the ESA.

Therefore, enclosed please find an original and seven (7) copies of the replacement page 36 of Appendix D of the ESA between Idaho Power and Simplot. Please contact me if you have any comments, questions, or concerns.

Sincerely,  
  
Julia A. Hilton
