

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF THE CONTINUATION)	
OF IDAHO POWER COMPANY'S A/C COOL)	CASE NO. IPC-E-13-14
CREDIT, IRRIGATION PEAK REWARDS,)	
AND FLEXPEAK DEMAND RESPONSE)	NOTICE OF
PROGRAMS FOR 2014 AND BEYOND)	PUBLIC WORKSHOP
)	

On June 4, 2013, the Commission issued Order No. 32823 initiating a new proceeding to examine the continuation of three voluntary demand response ("DR") programs offered by Idaho Power Company: A/C Cool Credit; Irrigation Peak Rewards; and FlexPeak Management programs. In Order No. 32776, the Commission "temporarily suspended" the A/C Cool Credit and Irrigation Peak Rewards programs for 2013. In Order No. 32805, the Commission approved changes to the FlexPeak program. The suspension of the first two DR programs and modifications to the FlexPeak contract were implemented based upon Idaho Power's assertion that the Company would not experience a peak-hour generation deficit for the years 2013 through July 2016.

In Order Nos. 32776 and 32805, the Commission directed Staff to conduct an informal prehearing conference for the parties and other interested persons to develop a schedule for public workshops to examine the three DR programs going forward. The informal prehearing conference was held on June 12, 2013, and on June 21, 2013, the Commission issued a Notice of Workshops scheduling a series of four public workshops from July 10 to August 19, 2013. The workshops' agendas were to be somewhat flexible. But in general, the participants were to discuss how the Company includes DR in its Integrated Resource Plan, how it calculates cost-effectiveness, the purpose of DR, and DR programs and their operational design. The Commission also noted that the parties may schedule a settlement conference. *See* June 21, 2013 Notice of Workshops.
