Comment: I am ok with the settlement agreement for the most part. I do believe instead of a \$15 credit per season for the 2 months of the AC Cool Credit program that a \$7.50 credit be applied per each month a customer participates. It would be more fair for people changing addresses during the months the program is in effect.

I also encourage the PUC to continue to require that all cost effective DSM be utilized before any new upgrades, new generation, or new transmission be built.

Thank you!
