Attorney for the Idaho Conservation League

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF IDAHO POWER COMPANY'S 2013 INTEGRATED RESOURCE PLAN.))))	CASE NO. IPC-E-13-15 IDAHO CONSERVATION LEAGUE'S PETITION TO INTERVENE
---	------------------	--

Idaho Conservation League ("ICL") submits this Petition to Intervene in the above captioned matter pursuant to Idaho Public Utilities Commission Rules of Procedure, IDAPA 31.01.01.071-073. As discussed below, ICL has direct and substantial interests in these proceedings, and therefore should be granted intervention.

1. The name of this intervenor is:

Benjamin J. Otto
Idaho Conservation League
710 N. 6th st.
Boise, Idaho 83702
Ph: (208) 345-6933 x 12
Fax: (208) 344-0344
botto@idahoconservation.org

Please provide copies of all pleadings, production requests, production responses, Commission orders, and other documents to the name and address above. In the interest of conserving natural resources and reducing the costs to all parties, please provide hard copies of pleadings, testimony, and briefs only. Production requests, responses, notices, Commission orders, and other filings may be submitted via electronic mail in accordance with IPUC Rules 31.01.01.063.02-03.

2. Idaho Conservation League claims a direct and substantial interest in this proceeding arising from the impact to its members served by Idaho Power and to its long-term role advocating for public values. As Idaho's largest state-based conservation organization, we have over 25,000 supporters, most of whom are residential customers of Idaho Power. In addition, ICL, as an organization, is a small commercial customer of Idaho Power. ICL has a long history of representing the interests of our supporters on issues affecting Idaho's air, lands, and water, including impacts caused by Idaho Power's electrical system. The Integrated Resource Plan (IRP) under review here includes several issues that effect these interests such as the level of Demand Side Management efforts, the evaluation of distributed energy options, consideration of the roll of coal plants, and plans for the Boardman to Hemingway Transmission line. The IRP is the only chance to review and provide input on current and future plans for Idaho Power's over all system. ICL's intervention will not unduly broaden the issues in this proceeding; rather focus on the contents and process underlying Idaho Power's 2013 IRP

3. ICL intends to fully participate in this matter as a party. The nature and quality of ICL's intervention in the proceeding is dependant upon the nature and effect of other evidence in this proceeding. If necessary ICL may introduce evidence, be heard in argument, and call, examine, and cross-examine witnesses. ICL may seek intervenor funding pursuant to IDAPA 31.01.01.161-165.

WHEREFORE, ICL respectfully requests the Commission grant this petition.

DATED this 24th day of July 2013.

Respectfully submitted,

Benjamin J. Otto

On behalf of the Idaho Conservation League

CERTIFICATE OF SERVICE
