Comment: I'm not sure why, after Idaho Power's parent company has been posting record profits for the past year, a supposedly non-profit company is asking to increase Fixed Cost Adjustments. I object to this increase and would like to know why it's necessary for a company claiming millions in profits recently. Thank you.

Comment: I don't understand why my Idaho Power bill that states I am being charged an annual penalty (which is not true because I am charged monthly) listed as an "Annual Adjustment Mechanism". Why don't they just stop lying and saying they have raised my rates ... because that's what they are doing.
