Comment: Idaho Power is requesting a rate increase because why! Added to my bill monthly is an item called "Annual Adjustment" but it appears MONTHLY. It is 10% of the bill; when asked for an explanation I was told it covered the cost of running the business, i.e. employees, meters, etc. Why is that not part of operating expenses? Now they want an increase which raises my bill and raises the \$\$ in this so-called ANNUAL adjustment. This is over the top increase. Enough is enough! Too bad there is not an option for our power.
