On June 4, 2014, Idaho Power Company filed an Application requesting that the Commission accept or reject an Agreement between Idaho Power and Clark Canyon Hydro, LLC. On June 26, 2014, the Commission issued a Notice of Application and Notice of Modified Procedure setting a comment deadline of August 5, 2014, and a reply deadline of August 12, 2014. Order No. 33064.

While reviewing the Application, Power Purchase Agreement and other pertinent documents, some discrepancies were discovered between Clark Canyon's FERC license and its Power Purchase Agreement with Idaho Power. In order to allow the project an opportunity to correct the discrepancies and resolve some underlying matters that have arisen with regard to its project, the parties request that the Commission suspend the procedural schedule in this case. Idaho Power, Clark Canyon and Commission Staff agree that it is reasonable to suspend the schedule until Clark Canyon is able to resolve and/or clarify the discrepancies. Consequently, on July 31, 2014, Staff filed a Motion with the Commission to suspend the procedural schedule until pending matters could be resolved.

NOTICE OF SUSPENSION OF PROCEDURAL SCHEDULE

YOU ARE HEREBY NOTIFIED that the procedural schedule set by Order No. 33064 is suspended. Idaho Power and Clark Canyon, as parties to the Power Purchase Agreement, are directed to notify the Commission as soon as the discrepancies and underlying matters are resolved so that the Commission may proceed in considering the Application filed on June 4, 2014.
