UTILITIES COMMISSION

August 21, 2014

Honorable Paul Kjellander
Honorable Marsha Smith
Honorable Mack Redford
Idaho Public Utilities Commission
472 West Washington Street
Boise, Idaho 83702

Re: Idaho Power – Energy Sales Agreement with Grand View PV Solar Two, LLC, IPC-E-214-19.

Dear Commissioners:

Enclosed you will find petitions signed by 77 residents of the Grand View area in support of the proposed Grand View PV Solar project. Each petitioner would like to be formally entered on the record in this matter as urging your prompt approval of the project's contract with Idaho Power. As the petitions say, this project will be good for the State of Idaho and good for Idaho Power and its ratepayers.

Sincerely,

Patricia K. Walty

**PETITION IN SUPPORT OF THE
GRAND VIEW PV SOLAR TWO PROJECT
TO THE IDAHO PUBLIC UTILITIES COMMISSION
CASE NO. IPC-E-14-19**

THE UNDERSIGNED PETITIONERS hereby respectfully request that the Idaho Public Utilities Commission promptly approve the Grand View PV Solar Two power purchase agreement with the Idaho Power Company. There are two reasons for our support;

I.

The project will be good for our community. It will provide living wage jobs for the long term. It will provide a short term shot in the arm for the economy during construction. It will provide much needed taxes while consuming almost no local services. It will be the first utility scale solar project in the State of Idaho and will put Grand View on the map.

II.

The project will be good for the State of Idaho. It will provide pollution free and environmentally friendly energy into Idaho Power's grid during the time of the day power is most needed. Unlike other forms of renewable energy it does not kill birds, salmon or trees. Solar energy is the energy of the future and its time has come for Idaho.

**PETITION IN SUPPORT OF THE
GRAND VIEW PV SOLAR TWO PROJECT
TO THE IDAHO PUBLIC UTILITIES COMMISSION
CASE NO. IPC-E-14-19**

THE UNDERSIGNED PETITIONERS hereby respectfully request that the Idaho Public Utilities Commission promptly approve the Grand View PV Solar Two power purchase agreement with the Idaho Power Company. There are two reasons for our support;

I.

The project will be good for our community. It will provide living wage jobs for the long term. It will provide a short term shot in the arm for the economy during construction. It will provide much needed taxes while consuming almost no local services. It will be the first utility scale solar project in the State of Idaho and will put Grand View on the map.

II.

The project will be good for the State of Idaho. It will provide pollution free and environmentally friendly energy into Idaho Power's grid during the time of the day power is most needed. Unlike other forms of renewable energy it does not kill birds, salmon or trees. Solar energy is the energy of the future and its time has come for Idaho.
