Name of Utility Company: Idaho Power
Acknowledge public record: True

Comment: Dear Commissioners and staff,

- 1- Please approve under the modified procedure.
- 2- Please accept the ESA.
- 3- Please allow payments be allowed for ratemaking.

Additional comments: After reading the contact it appears the developer is taking all the risk. Idaho Power Company and its customers take no risk and have the potential to receive very cost effective peak power for the contract period. As long as the developer is ok with this contract I see no reason for the commissioners not to approve it.

Thank you.
