

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF IDAHO POWER)	
COMPANY'S REQUEST TO TRANSFER)	CASE NO. IPC-E-16-07
TITLE OF MOBILE MANOR MOBILE)	
HOME PARK METER PEDESTALS)	ORDER NO. 33512
)	

Industrial Customers of Idaho Power (ICIP) petitioned to intervene in this case on April 14, 2016, pursuant to Rules of Procedure 71 through 75 of the Idaho Public Utilities Commission, IDAPA 31.01.01.071-.075. ICIP also served a First Production Request on Idaho Power. Idaho Power timely opposed ICIP's intervention. We considered the matter at the decision meeting on April 25, 2016, and now grant ICIP intervention.

FINDINGS OF FACT

The Legislature has declared it "the policy of this state to encourage participation at all stages of all proceedings before the commission." *Idaho Code* § 61-617A. In keeping with this stated intent, the Commission has liberally allowed intervention where the purposes of intervention, as described in Rule 74 of the Rules of Procedure, are served.

We find, based on the pleadings and other documents filed in this case, and given our long history of liberally allowing intervention, that Rule 74 is satisfied. We therefore grant ICIP intervention. We do not address ICIP's discovery request, which was served on Idaho Power before ICIP was granted status as an intervening party. If a discovery dispute arises, the Commission will consider such issue in a motion brought before it.
