Re: Case No. IPC-E-16-13
Schedule 62, Green Energy Purchase Program Rider, Modifications – **Errata**
to Exhibit No. 1 to the Direct Testimony of Peter Pengilly

Dear Ms. Jewell:

Enclosed for filing in the above matter are an original and seven (7) copies of the **Errata** to Exhibit No. 1 to the Direct Testimony of Peter Pengilly. Exhibit No. 1 contains a typo where a decimal point is in the wrong position. In the exhibit, the customer cost of renewable kilowatt-hours ("kWh") in the existing program was typed incorrectly and noted as \$0.085/kWh. The correct dollar/kWh should be \$0.0085/kWh. Therefore, Idaho Power Company is filing the enclosed Errata in order to correct the typo.

If you have any questions about this Errata or this matter, please do not hesitate to contact me.

Sincerely,

Lisa D. Nordstrom

)	

On June 22, 2016, Idaho Power Company filed the Direct Testimony of Peter Pengilly in the above matter. Included with Mr. Pengilly's testimony was Exhibit No. 1. In that exhibit, the customer cost of renewable kilowatt-hours ("kWh") in the existing program was typed with the decimal point in the wrong position and noted as \$0.085/kWh. The correct dollar/kWh should be \$0.0085/kWh. Therefore, please let the record reflect that, by this Errata, the correct value for the customer cost of renewable kWh in the existing program contained in Mr. Pengilly's Exhibit No. 1 is \$0.0085/kWh.
