	)	ORDER NO. 33745

On October 21, 2016, Idaho Power Company filed an Application asking the Commission to approve revised depreciation rates for its electric plant-in-service and correspondingly adjust Idaho jurisdictional base rates, with a requested effective date of June 1, 2017. Application (Case No. IPC-E-23) at 1. The Company concurrently filed an Application requesting Commission authorization to accelerate the depreciation schedule for the North Valmy power plant, establish an associated balancing account, and adjust customer rates, also with a requested effective date of June 1, 2017. *See* Application (Case No. IPC-E-16-24) at 1.

In November 2016, the Commission issued Orders providing notice of each Application and setting deadlines for interventions. Order Nos. 33650 and 33652. The Commission granted Petitions to Intervene in both cases from the Idaho Irrigation Pumpers Association, Inc. (IIPA); Micron Technology, Inc.; the Idaho Conservation League (ICL) and Sierra Club; and the U.S. Department of Energy and the Federal Executive Agencies. Order Nos. 33659, 33660, 33670, 33671, 33672, 33710, 33673, and 33674. The Commission also granted a Petition to Intervene in the revised depreciation case from the Industrial Customers of Idaho Power (ICIP). Order No. 33676. On April 7, 2017, ICIP submitted a late Petition to Intervene in the North Valmy case, which the Commission is addressing in a separate Order.

The parties conferred and agreed to process both Applications via Modified Procedure and to the following common comment schedule, which the Commission adopted:

NOTICE OF REVISED
COMMENT SCHEDULE
ORDER NO. 33745

April 20, 2017	Deadline for parties' comments
May 4, 2017	Deadline for parties' cross-answering comments
May 18, 2017	Deadline for Company reply comments

Order No. 33690. The parties also agreed to meet to discuss potential settlement options. *Id.*

STAFF'S MOTION TO REVISE THE COMMENT SCHEDULE

On April 13, 2017, the Commission Staff moved for an Order changing the comment deadlines. Staff explained that in the course of settlement discussions, the parties indicated that they would like more time to consider potential settlement options and to develop comments if a settlement is not reached. The parties agreed to the following revised proposed schedule:

April 27, 2017	Deadline for parties' comments
May 9, 2017	Deadline for parties' cross-answering comments
May 18, 2017	Deadline for Company reply comments

Staff explained that all parties to both cases agree to the new proposed schedule and that the change will allow more time for the parties to consider settlement proposals and still complete comments within the same overall timeframe as before. In particular, the new schedule does not change the last comment deadline, May 18, for the Company's reply comments. Accordingly, Staff's Motion asked the Commission to vacate the previously-adopted schedule and to adopt the parties' new proposed schedule instead for both cases.

After reviewing the request, good cause appearing, the Commission grants Staff's Motion. The previous schedule is vacated and the parties' revised schedule is adopted.

Any comments must be submitted via the procedure and to the addresses described in Order No. 33690. This Order changes the deadlines for submittal of comments and cross-answering comments only.
