Name of Utility Company: Idaho power

Comment: I strongly urge the puc to deny Idaho Power their request! It's not good for our state or the solar future in Idaho. I feel and so do many Idaho Power has too big of a monopoly in Idaho it's boiling down to just greed on Idaho power's Park. The power generated in the daytime helps keep the grid Goin when is Supply is the highest so we all benefit. I wished Idaho public Commission would consider making all power companies in Idaho pay have to compensate for unused power the same rate as they would charge you. So please deny Idaho Power the request thank you
