Address: 7000 W. Freemont St.
Boise Idaho, 83704

Name of Utility Company: Idaho Power

Comment: Re: Idaho Power's proposal to increase cost to recover cost if a customer energy use declines. Please do not approve the 3.64 percent increase. Idaho Power has spent thousands of dollars on programs to educate the consumer on using less electricity and reducing the monthly bill. I have upgraded energy saving appliances, use LED bulbs, etc. A neighbor installed several solar panels at \$750 each. It will take 12-14 years to pay back the investment. Idaho Power's customer base is increasing by the hundreds every month with growth of population. It is a personal choice to use less electricity and save \$\$\$. The consumer should not have to pay \$19.2 million by being penalized for saving electricity.
