

APR 24 1992

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

**IN THE MATTER OF THE APPLICATION)
OF IDAHO POWER COMPANY FOR)
AUTHORITY TO SELL ITS HAILEY)
TURBINE ELECTRIC GENERATOR.)**

**CASE NO. IPC-E-92-9
AMENDED NOTICE OF
APPLICATION
ORDER NO. 24268**

On March 9, 1992, the Idaho Power Company filed an Application for authority to sell its turbine electric generator located near Hailey, Idaho near its Wood River Substation.

On April 2, 1992, this Commission issued a Notice of Application establishing a deadline for the filing of Petitions to Intervene and comments in response to Idaho Power's Application of Monday, April 27, 1992.

On April 23, 1992, the Commission Staff filed a Motion to extend the written comment and intervention on filing deadline to Monday, May 11, 1992. Staff's reason for seeking an extension of time in which to file written comments is that the Staff member who will file the comments in Case No. IPC-E-92-9 is currently filing testimony in two other cases before the Commission and needs more time to prepare for the case at hand. Idaho Power has indicated that it has no objection to Staff's Motion. No other persons have yet petitioned to intervene or filed written comments in this case.

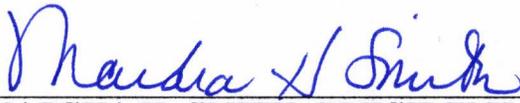

WE HEREBY grant Staff's Motion. The filing deadline for written comments in response to Idaho Power's Application, and for Petitions to Intervene, shall be extended to **Monday, May 11, 1992.**

O R D E R

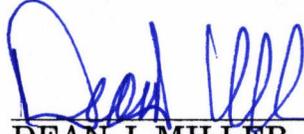

IT IS HEREBY ORDERED that the filing deadline for written comments and Petitions to Intervene in response to the Company's Application in Case No. IPC-E-92-9, originally scheduled for April 27, 1992, is hereby extended to **Monday, May 11, 1992.**
