YOU ARE HEREBY NOTIFIED that on **Tuesday, August 29, 1995, commencing at 10:00 a.m. at the offices of the Idaho Public Utilities Commission, 472 West Washington Street, Boise, Idaho**, the Commission Staff will conduct a meeting with all interested persons to discuss all matters, procedural and substantive, relevant to this proceeding including, but not limited to:

- 1) how those aspects of Idaho Power's filing that are relevant to the formulation of a generic avoided cost methodology can best be segregated from Company-specific IRP issues;
- 2) do PacifiCorp and Water Power propose methodologies similar to that proposed by Idaho Power;
- 3) which variables are generic and which are utility specific;
- 4) which variables will be updated more frequently than every two years and how will they be updated;
- 5) will the power supply cost and capacity expansion models utilized by Idaho Power, Water Power and PacifiCorp treat QF developers consistently and fairly;
- 6) is it necessary to resolve the IRPs of the three utilities prior to establishing a generic avoided cost methodology.

The participants are free to raise any other relevant issues at the meeting and are encouraged to bring these issues to the attention of all other parties as far in advance of the meeting as possible. This meeting can be construed as the commencement of settlement negotiations pursuant to Rule 272 of the Commission's Rules of Procedure, IDAPA 31.01.01.

DATED at Boise, Idaho this

day of August 1995.
