Re: Case No. PAC-E-01-6; Petition of PacifiCorp re Snake River Valley Electric Association

Dear Mr. Stutzman:

As you know, the 9th Circuit Court of Appeals last year affirmed the District Court decisions in the Snake River Valley Electric Association v. PacifiCorp antitrust case, and the U.S. Supreme Court recently denied Snake River's petition for certiorari. The letter from Snake River which was the subject of that case, and the basis for PacifiCorp's Petition in the above-referenced matter, states that Snake River was requesting transmission service through April, 2001. (Exhibit B to PacifiCorp's Petition, attached hereto.) It is also our understanding that Snake River never sought Commission approval to provide electric service to customers served by PacifiCorp. Idaho Code § 61-334B. In light of the finality of the antitrust case, and inasmuch as the period identified by Snake River for its "request" for transmission service has long since passed, we believe the above-referenced matter is now moot.

Very truly yours,

Snake River Valley Electric Association
"Our Own Power System Serving Us"

December 18, 1995

Mr. John Mooney, Executive Vice President
Utah Power and Light Company
201 South Main OUC 2300
Salt Lake City, Utah 84140

Dear Mr. Mooney:

The Snake River Valley Electric Cooperative ("SRVEA" or "Cooperative"), a non-profit corporation chartered under the laws of Idaho as an electric cooperative, hereby requests that Utah Power and Light Company provide firm transmission service over its electric system to the Cooperative for up to 150 MW from May 1 to September 15, and up to 21 MW from September 16 to April 30 each year, to supply the electric requirements of the Cooperative's members for the period May 1996 to April 2001.

The points of wholesale power receipt by SRVEA include Midpoint Substation, Drummond Substation, Borah Substation, Jefferson Substation, Kinport Substation, Goshen Substation and Amps Substation.

Delivery points for this request are the existing delivery points on Utah Power's system to each of the members of the SRVEA.

SRVEA requests that the Utah Power and Light Company provide it with a service agreement for the wheeling service requested herein within thirty (30) days.

For the Board of Directors,

Del Ray Holm, President.

SNAKE RIVER VALLEY ELECTRIC ASSOCIATION
