Case No. PAC-E-06-09

APPLICATION OF PACIFICORP

This Application is filed by PacifiCorp dba Rocky Mountain Power (“PacifiCorp” or the “Company”) for approval of an electric service agreement with Monsanto Company (“Monsanto”) dated May 18, 2006 (“Agreement”). The Agreement replaces an electric service agreement (“Existing Agreement”) approved by the Idaho Public Utilities Commission (“Commission”) in Case No. PAC-E-01-16.

1. PacifiCorp is a public utility doing business in the state of Idaho and subject to the jurisdiction of the Commission.
2. Monsanto is a Delaware corporation qualified to do business in the state of Idaho. Monsanto operates an elemental phosphorus plant near the City of Soda Springs in Caribou County, Idaho. The electric power requirements of the plant have been supplied by PacifiCorp or its predecessor since 1952.

4. A copy of the Agreement is attached to this Application.
5. The Existing Agreement governing electric service to Monsanto terminates effective December 31, 2006. The Agreement will become effective January 1, 2007, subject to approval by the Commission, with an initial term through December 31, 2009. The Agreement will automatically renew for successive one year terms unless and until either party gives not less than 180 days written notice of termination.
6. On June 21, 2006, the Company submitted the Revised Tariff Schedule No. 400 in a separate application to revise Electric Service Schedule Nos. 10, 400, and 401, reflecting new rates for Monsanto pursuant to the Agreement. The Company requested an effective date of January 1, 2007 for the revision to Schedule No. 400.
7. Section 2.2 of the Agreement provides that the rates for service under the Agreement shall be adjusted to equal the Commission approved rates applicable to Monsanto resulting from any general rate case or other filing by PacifiCorp effective after January 1, 2008. Commission authorized tariff rate changes after January 1, 2008, including surcharges

or credits, as reflected in Schedule No. 400 or its successor, will apply to service under the Agreement on the effective date of the authorized adjustment.

8. PacifiCorp requests that this Application be processed under modified procedure pursuant to Rules 201 through 204 of the Commission's Rules of Procedure.

WHEREFORE, PacifiCorp respectfully requests that the Commission process this Application under modified procedure and approve the new electric service agreement dated May 18, 2006 for service to Monsanto.
