---

On September 1, 2006, PacifiCorp dba Rocky Mountain Power filed a petition seeking a declaratory order that the Company's current funding structure for its Low Income Weatherization Program contained in tariff Schedule 21 is just and reasonable. In subsequent Orders, the Commission granted intervenor status to Community Action Partnership Association of Idaho (CAPAI) and set this matter for hearing. As set out in scheduling Order No. 30169, the Staff and CAPAI were to file their direct testimony on December 20, 2006 and their rebuttal testimony (if necessary) on January 10, 2007. The Commission's technical hearing in this matter is scheduled for February 2, 2007.

On December 18, 2006, the Commission Staff filed a Joint Motion to postpone the filing of direct testimony. Staff explained in its Motion that the parties had agreed in principle to settle this case. Based upon the settlement, Staff and CAPAI requested that the Commission postpone the December 20 deadline for their prefiled testimony. Instead, they requested permission to file their testimony in support of the settlement on January 10, 2007. The Motion stated that no other changes to the schedule are necessary and that the Commission may retain the existing February 2, 2007 hearing date to examine the proposed settlement.

Based upon the Staff's Joint Motion, we find there is good cause to grant the Motion. Staff and CAPAI are directed to file their testimony in support of the settlement on January 10, 2007.

**ORDER**

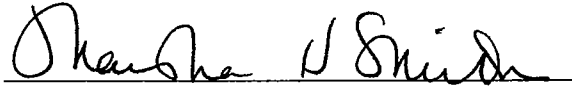

IT IS THEREFORE ORDERED that the Staff's Joint Motion is granted. Staff and CAPAI shall file their direct testimony on January 10, 2007.

IT IS FURTHER ORDERED that the parties shall comply with all the other filing and hearing dates in the Commission's scheduling Order No. 30169.

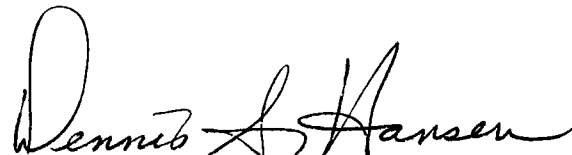

DONE by Order of the Idaho Public Utilities Commission at Boise, Idaho this 27<sup>th</sup>  
day of December 2006.
