Re: PAC-E-07-1  
In the Matter of the Application of Rocky Mountain Power for Approval of  
Reductions in Bonneville Power Administration Regional Exchange Credits

Rocky Mountain Power, a division of PacifiCorp, respectfully requests to revise its original application for approval of reductions in Bonneville Power Administration Regional Exchange credits by delaying the requested effective date from February 15, 2007, to February 16, 2007. The company's original application is expected to be addressed before the Commission on February 15, 2007. As a result, the one-day delay will allow the Company time to implement and test changes in its customer billing system to reflect any Commission-approved modifications to Schedule 34.

Any inquiries regarding the Company's request may be directed to Brian Dickman, manager of Idaho regulatory affairs, at (801) 220-4975.

Sincerely,

A handwritten signature in black ink that reads "Jeffrey K. Larsen / W".

Jeffrey K. Larsen  
Vice President, Regulation
