RE: ROCKY MOUNTAIN POWER'S REQUEST TO APPROVE SCHEDULE 34 IN COMPLIANCE WITH ORDER NO. 30248, CASE NO. PAC-E-07-1

On January 4, 2007, Rocky Mountain Power filed an application with the Idaho Public Utilities Commission seeking authority to decrease residential exchange credits passed through to qualified customers due to a reduction in payments received by the Company from the Bonneville Power Agency. On February 15, 2007 the Commission issued Order No. 30248 approving a decrease in credits for qualified residential and small farm customers of Rocky Mountain Power. To implement the authorized reduction, Rocky Mountain Power has submitted a revised tariff, Schedule 34 - Pacific Northwest Electric Power Planning and Conservation Act Residential and Farm Kilowatt-Hour Credit, with an effective date of February 16, 2007.

STAFF RECOMMENDATION

Staff has reviewed the tariffs and finds they are in compliance with Commission Order No. 30248. Staff recommends the Commission approved the Rocky Mountain Power tariff as filed.

COMMISSION DECISION

Does the Commission wish to approve Rocky Mountain Power's revised Schedule 34 as filed?
