Please describe your question or comment briefly:  
On behalf of Agrium - Nuwest I am writing to oppose an increase to the energy efficiency surcharge. We currently pay approximately \$40,000 per year for this surcharge. Because of the way the program is structured we are not able to get much benefit. The energy and cost savings derived from this program are only in the hundreds of dollars per year. As a company we have implemented numerous energy efficiency programs which have reduced our consumption of electricity by over \$1M per year. The cost/benefit for this program is horrible. Please consider an alternative program.

Sincerely,  
Tim Buller  
Engineering Manager  
Agrium - Nuwest
