Name of Utility Company: Rocky Mt Power  
Add to Mailing List:  yes

Please describe your question or comment briefly:  
PLEASE do not approve any rate increase to fund energy efficiency programs for Rocky Mt Power. The high rates since loosing the BPA credit are more than enough to make us want to conserve so tat we can pay our power bills. As a total electric customer, heating with electricity it has been a hard cold winter. Even inside where we have done all we can to use as little power as possible. I have switched all my bulbs to CFL and even installed new T8 fluorescent fixtures where in areas where I have 4' tube fluorescents. Another 2.2 percent on my electric bill will add over \$50 to my bill in a year. (I also pump water in the summer for my property) This increase would be a Windfall for PacifiCorp. It reminds me of socialism.

Thank you for your time

Randy Ashcraft
