On September 19, 2008, PacifiCorp dba Rocky Mountain Power (Rocky Mountain Power; Company) filed an Application with the Idaho Public Utilities Commission (Commission) for authority to increase the Company's base rates for electric service by \$5.9 million annually, or 4.0%. The increase in base rates would vary by class of customer and actual usage. The rate increase does not apply to Agrium or Monsanto, whose rates are controlled by a separate Commission-approved Stipulation. Intervening parties to this case are: Monsanto Company; Idaho Irrigation Pumpers Association, Inc.; Community Action Partnership of Idaho; and Agrium, Inc.

On February 5, 2009, a Stipulation and Proposed Settlement that purports to resolve all issues raised in this proceeding was filed by PacifiCorp, Commission Staff, Idaho Irrigation Pumpers Association and Community Action Partnership of Idaho. The Stipulation does not impact or propose any changes to Monsanto or Agrium's rates. Monsanto participated in the settlement discussion and while it does not adopt the Stipulation it has no objection to the Commission approving the same. Under the terms of the Stipulation, Rocky Mountain Power would be authorized to recover \$4,382,632 (3.1%) in additional annual electric revenue from non-contract customers. The increase would be effective April 18, 2009 for all affected customers.

On February 11, 2009, the Commission issued a Notice of Stipulation and Proposed Settlement in Case No. PAC-E-08-07 setting forth the terms of the Stipulation and scheduling a technical and evidentiary hearing on the Settlement Stipulation for March 11, 2009 in Boise, Idaho.
