

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF THE APPLICATION) OF PACIFICORP DBA ROCKY MOUNTAIN) POWER FOR APPROVAL OF CHANGES TO) ITS ELECTRIC SERVICE SCHEDULES))	CASE NO. PAC-E-08-07 ERRATA TO ORDER NO. 30783
---	----------	--

The Stipulation approved by the Commission in Order No. 30783 does not impact or propose any changes to the rates of Monsanto Company and Agrium, Inc. The rates of Monsanto and Agrium are controlled by a separate agreement approved in 2007, Order No. 30482, Case No. PAC-E-07-05. Order No. 30783 misstates the rate change for Agrium under the prior agreement for year 2010.

Order No. 30783, pp. 1 and 10 reads:

“The rates of Monsanto and Agrium increased 3% on January 1, 2009, and will increase again 5% on January 1, 2010.”

Should read:

“The rates of Monsanto and Agrium increased 3% on January 1, 2009, and will increase again 5% for Monsanto and 7% for Agrium on January 1, 2010.”

When reviewing Rocky Mountain Power’s Order No. 30783 compliance tariffs, Commission Staff identified an error in the Company’s temperature adjustments shown in RMP Exhibit 30. When calculating rates, the Company mistakenly adjusted for the Rate Mitigation Adjustment (tariff Schedule No. 94) which was cancelled January 1, 2008, and which should not have been included as part of the temperature adjustment revenues. The revenue impact of this error causes the Company to undercollect \$30,788 and \$808 for Schedules 1 and 36, respectively, and overcollect \$1,702 for Schedule 19. The total revenue impact of these errors resulted in an undercollection in proposed rates of \$29,894 compared to the \$4,382,632 revenue requirement the Commission authorized.

Staff has reviewed the change in the temperature adjustment revenues without the Rate Mitigation Adjustment impact on the Company’s previously filed and approved tariffs and determined that the Company’s newly submitted Schedules 1, 36, and 19 tariffs (those submitted

with the Company's Petition for Clarification) accurately recover what was authorized by the Commission in Order No. 30783. The corrected tariff schedules are approved effective the date of this Errata.

A related change to the Commission's Order appears in Attachment A – Average Stipulated Retail Rates for Idaho Customers of PacifiCorp.

The Schedule 19 (Comm. & Ind. Space Heating) entry for proposed (¢)/kWh reads:

“6.91”

Should read:

“6.83”

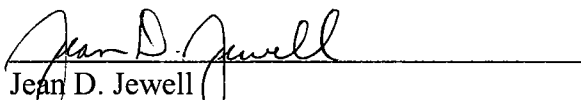

DATED at Boise, Idaho this 6th day of May 2009.
