On November 13, 2008, the Commission issued a summons to Rocky Mountain Power in response to a formal complaint filed by Marian Mathewson against the Company's policies regarding monthly facilities charges for its remote customers. Ms. Mathewson does not object to paying for the cost associated with constructing facilities to serve her remote location nor does she object to paying for her monthly energy consumption. On December 3, 2008, Rocky Mountain Power filed its answer. The Company requested dismissal of the complaint for failure to state a claim. Commission Staff filed comments on January 23, 2009, confirming that the Company's estimate for Ms. Mathewson was consistent with their approved tariff. Consequently, Staff recommended that the Commission dismiss Ms. Mathewson's complaint.
