**Q. Please explain PIIC’s proposed adjustment to costs associated with the DC Intertie.**

A. PIIC argues that costs associated with the DC Intertie and Network Transmission Agreement between BPA and the Company should be removed from NPC on the basis that no purchases are modeled at the NOB, the point from which the agreement provides wheeling. The two adjustments proposed by PIIC would result in a \$4.8 million decrease to NPC.”

Page 45, line 8: Delete the following: “Staff, PIIC and Monsanto proposed and the Company accepts adjustments to NPC, which total to an approximate \$6.5 million reduction from what the Company originally filed.”

DATED this 24<sup>th</sup> day of November, 2010.

Respectfully submitted,
