Please describe your comment briefly:

As a time of use residential customer of Rocky MT Power for over 25 years, I'm disappointed with the amount of the proposed rate increase for Time of use. If permitted, I would like to see some adjustments of the service given to customers on this rate.

- 1- Meters should be reprogrammed to reflect actual daylight savings time changes, they are currently out of sync with the mandated law dates. We pay a monthly service charge on this rate, lets get some service.
- 2- Reduce or eliminate the monthly service charge. Bring this charge in line with actual current charges and not based on decades calculations.
- 3- GET RID OF CUSTOMER EFFICIENCY SERVICE TAX!!!! RATE INCREASES DO THIS ALREADY AND ARE MORE EFFECTIVE THAN ANY PUC RUN PROGRAM! I DONT NEED A STATE GOVERNMENT AGENCY RAISING FUNDS THROUGH HIDDEN TAXES OF THIS KIND TO EDUCATE ME ON ENERGY CONVERSATION.

Thank You
Randall Ashcraft
