Please describe your comment briefly:

Collin and Hallie Peterson, as life-time customers and large users of power, and as farmer and rancher livelihoods, we are totally against IPUC re-negotiating with Cedar Creek Wind LLC of Bainbridge, Washington. We cannot afford the exhorbant prices that Wind energy projects are creating. Wind energy needs to be inline with other energy sources or not build the projects. As 50 year users of power in Bingham County we ask you for protection from this corruption.

I am so tired of power rate increases due to the wind turbine companies! The rates are high enough that customers are struggling to pay. WE as customers as tired of the constant increases we have to pay to line the pockets of the greedy wind turbine companies! I beg you to deny the request of Cedar Creed Wind Developers! We can not allow them to go through with these projects. We simply cannot afford it! Please protect us!
