RE: Case No. PAC-E-11-12 – In the Matter of the Application of PacifiCorp dba Rocky Mountain Power for Approval of Changes to its Electric Service Schedules and Price Increase of \$32.7 Million, or Approximately 15.0 Percent –Exhibit No. 51 Replacement Page 10 of 24 Accompanying Stipulation Testimony of J. Ted Weston

Enclosed please find an original and nine (9) copies of Exhibit No. 51 Replacement Page 10 of 24, Legislative Replacement Pages 24a of 24, and 24b of 24 to replace the pages filed on December 16, 2011.

During review of Exhibit 51 by Mr. Bryan Lanspery of the Commission's Engineering Section, it was brought to the Company's attention that in Schedule 12, the 5,800 lumen HPSV partial maintenance rate was not included. Exhibit 51 Replacement Page 10, 24a, and 24b submitted in this filing corrects this error and includes this proposed rate. This rate and the revenues from it were included in the rate case settlement filed in this case, but the rate was omitted from tariff Schedule 12 due to an oversight.

Please contact William Griffith at (503) 813-6051 if you have any further questions.

Very truly yours,

Jeffrey K. Larsen
Vice President of Regulation
Rocky Mountain Power

SPECIFICATIONS AND SERVICE FOR STREET LIGHTING WITH PARTIAL AND FULL MAINTENANCE (NO NEW SERVICE): Installations must have met Company construction standards in place at the time of installation in order to receive "full maintenance." If Company is unable to obtain materials to perform maintenance, the street light facilities will be deemed obsolete and must be upgraded at customer expense in order to qualify for maintenance under the Electric Service Schedule. Street Lighting Service under "partial maintenance" includes energy, lamp and glassware renewals and cleaning of glassware.

Street Lighting Service under "full maintenance" includes energy, lamp and glassware replacements and cleaning of glassware, and replacement of damaged or inoperative photocells, ballasts, starting aids, poles, mast arms and luminaires: provided, however, that any costs for materials which are over and above costs for Company's standard materials, as determined by the Company, are not included in this Electric Service Schedule. Such extra costs shall be paid by Customer. Burning-hours of lamps will be controlled by the Company.
