RE: IMPLEMENTATION OF RATES APPROVED BY COMMISSION IN
ORDER NO. 32432; CASE NO. PAC-E-11-12.

On October 19, 2012, Rocky Mountain Power (Company) filed a Tariff Advice that contained tariff sheets with new rates. The rates have been previously approved by the Commission in Order No. 32432 when the Commission accepted a two-year rate plan as part of a Settlement. The Settlement listed the rates for the first year and the second year.

By Commission Order first-year rates were implemented on January 10, 2012 and second-year rates are to be implemented on January 1, 2013. The 2013 rate increase is \$17.0 million or 7.23 percent. Increase percentages vary by customer class (*See* O.N. 23432, pg. 7). The revised tariff contained in this filing includes the rates listed in the Settlement Agreement.

Staff recommends that the Commission approve the Company's revised tariff with rates to be effective January 1, 2013, as proposed by the Company.

COMMISSION DECISION

Does the Commission wish to approve the Company's Tariff filing?
