_____)**

On January 23, 2012, Rocky Mountain Power filed an Application requesting Commission approval of modifications to the Company's Network Performance Standards. The Company attached to its Application a matrix summarizing the Customer Guarantees, Network Performance Standards, and Customer Performance Standards. On February 15, 2012, the Commission issued a Notice of Application and Notice of Modified Procedure establishing a comment period through March 12, 2012.

After the Company's Application was filed, Commission Staff and the Company discussed changes to the standards. As a result, on March 5, 2012, the Company filed an errata identifying significant changes to the matrix attached to the Company's Application. As a result of the filing and Staff's ongoing discussions with the Company, Staff files this Motion to vacate the March 12, 2012 comment deadline. As part of their discussions, Staff and the Company will recommend a new process or comment deadline for the Commission to complete its review of the Company's Application.
