3. PIIC is a coalition of Idaho companies that are industrial customers of Rocky Mountain Power ("RMP"). RMP's application for implementation of proposed Schedule 31, Partial Requirements Service, is applicable only to high voltage customers with loads up to 15,000 kW. Many PIIC members are high voltage customers with loads that do not exceed 15,000 kW. PIIC has a direct and substantial interest in this proceeding that will not be adequately represented by any other party, and may be affected by any Commission determination made in connection with these proceedings. PIIC intends to participate in all respects of this proceeding and will not unreasonably broaden the issues, burden the record, or delay this proceeding.

4 Without the opportunity to intervene herein, PIIC would be without a manner or means of participating in the lawful determination of issues which will result in affecting the rates for electric service to the PIIC members.

WHEREFORE, PIIC respectfully requests that the Commission grant its petition to intervene with full party status in this proceeding and to appear and participate in all matters as may be necessary and appropriate; and to present evidence, call and

examine witnesses, cross-examine witnesses, present argument, and to otherwise fully participate in the proceedings.

Dated this 14th day of September, 2012.
