DATE: JANUARY 31, 2013

SUBJECT: ROCKY MOUNTAIN POWER'S APPLICATION: (1) TO CANCEL IRRIGATION LOAD CONTROL TARIFFS 72 AND 72a, AND (2) ENTER A NEW DSM CONTRACT, CASE NO. PAC-E-12-14

On December 7, 2012, PacifiCorp dba Rocky Mountain Power (the "Company") applied to the Commission for an Order: (1) authorizing it to cancel Electric Service Schedule 72, Irrigation Load Control Credit Rider, and Electric Service Schedule 72A, Dispatchable Irrigation Load Control Credit Rider; and (2) approving a new demand-side management (DSM) contract with third party aggregator, EnerNoc, Inc., for delivery of the irrigation load control program. Although the Company initially asked for a February 1, 2013 effective date, it subsequently agreed that the proposed effective date should be suspended.

On December 28, 2012, the Commission issued a Notice of Application that set a January 11, 2013 intervention deadline, and directed the parties to participate in an informal prehearing conference. The Commission also suspended the proposed effective date until August 3, 2013. *See* Order No. 32703. The Idaho Conservation League, Monsanto Company, and the Idaho Irrigation Pumpers Association, Inc. intervened, and all parties conferred and agreed that the case may be processed using Modified Procedure with a March 1, 2013 comment deadline.

COMMISSION DECISION

Does the Commission wish to issue a Notice of Modified Procedure that sets a March 1, 2013 comment deadline?
