Attorney for the Idaho Conservation League

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF PACIFICORP DBA) ROCKY MOUNTAIN POWER'S 2013) INTEGRATED RESOURCE PLAN)	CASE NO. PAC-E-13-05 PETITION TO INTERVENE OF THE IDAHO CONSERVATION LEAGUE
--	---

The Idaho Conservation League ("ICL") petitions to intervene in the above captioned matter pursuant to the Idaho Public Utilities Commission Rules of Procedure, IDAPA 31.01.01.071-073. As discussed below, ICL has direct and substantial interests in these proceedings, and therefore the Commission should grant intervention.

1. The name of this intervenor is:

Benjamin J. Otto
Idaho Conservation League
710 N. 6th st.
Boise, Idaho 83702
Ph: (208) 345-6933 x 12
Fax: (208) 344-0344

Please provide copies of all pleadings, production requests, production responses, Commission orders, and other documents to the name and address above. In the interest of conserving natural resources and reducing the costs to all parties, please provide hard copies of pleadings, testimony, and briefs only. Production requests, responses, notices, Commission orders, and other filings may be submitted via electronic mail in accordance with IPUC Rules 31.01.01.063.02-03.

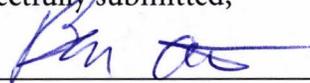

2. ICL claims a direct and substantial interest in this proceeding arising from the impact to its members served by Rocky Mountain Power ("RMP") and to its long-term role advocating for public values. As Idaho's largest state-based conservation organization, ICL submits this petition to protect the interest of our hundreds of members served by RMP and our long-term role advocating for public values. ICL and our membership have a direct interest in ensuring the Integrated Resource Plan ("IRP") includes accurate and thorough analysis of RMP's future resource needs. This IRP is particularly important as RMP faces substantial investments in transmission, coal plants, and considering expanding demand-side management activities to achieve the full cost-effective potential. ICL's intervention will not unduly broaden the issues in this proceeding, since we will be responding to RMP's plans.

3. ICL intends to fully participate in this matter as a party. The nature and quality of ICL's intervention in the proceeding is dependant upon the nature and effect of other evidence in this proceeding. If necessary ICL may advocate for a technical hearing and introduce evidence, be heard in argument, and call, examine, and cross-examine witnesses. ICL may seek intervenor funding pursuant to IDAPA 31.01.01.161-165.

WHEREFORE, ICL respectfully requests the Commission grant this petition.

DATED this 6th day of June 2013.

Respectfully submitted,

Benjamin J. Otto
Idaho Conservation League
