3. PIIC is a coalition of Idaho companies that are large load customers of Rocky Mountain Power (“RMP”). According to RMP’s application in this proceeding, RMP is seeking an accounting order authorizing RMP to defer the costs of closure of the Deer Creek Mine for future rate recovery.

4. PIIC has a direct and substantial interest in this proceeding that will not be adequately represented by any other party, and may be affected by any Commission determination made in connection with these proceedings. Without the opportunity to intervene herein, PIIC would be without a manner or means of participating in the determination of issues which could affect the rates for electric service to the PIIC members. PIIC intends to adhere to the Modified Procedure and schedule of written comments previously established for this case,

and PIIC's participation will not unreasonably broaden the issues, burden the record, or delay this proceeding.

WHEREFORE, PIIC respectfully requests that the Commission grant its petition to intervene with full party status in this proceeding and to appear and participate in all matters as may be necessary and appropriate; and to present evidence, call and examine witnesses, cross-examine witnesses, present argument, and to otherwise fully participate in the proceedings.
