DATE: APRIL 8, 2015

**SUBJECT: ROCKY MOUNTAIN POWER'S SCHEDULE 94 COMPLIANCE FILING
WITH ORDER NO. 33265 REGARDING ITS ENERGY COST
ADJUSTMENT MECHANISM; CASE NO. PAC-E-15-01**

On April 2, 2015, Rocky Mountain Power filed conforming tariffs for Electric Service Schedule No. 94 with an April 1, 2015, effective date in compliance with Commission Order No. 33265. The Company states that the compliance filing reflects updated equal monthly payment amounts for Tariff Contract 400 and 401 consistent with those identified in the reply comments and through Commission Order. These monthly payment amounts, which recover the prior period balances, were updated to reflect actual collections through March 2015.

STAFF ANALYSIS

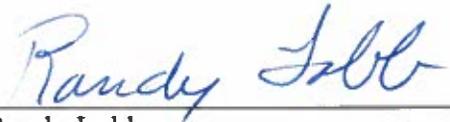

Staff has reviewed the Company's filed Schedule No. 94 tariff and believes it is in compliance with Commission Order No. 33265. The tariff accurately includes Staff recommended corrections to calculated rates and properly reflects Commission approved equal monthly updated payments for Tariff Contract 400 and 401 customers. Appropriately, the rates do not include the Staff proposed LCAR back cast adjustment approved by the Commission for inclusion in the deferral balance and recovered in next year's ECAM.

RECOMMENDATION

Staff recommends that the Company filed tariff be approved with an effective date of April 1, 2015, to conform to the Order.

COMMISSION DECISION

Does the Commission approve the tariff Schedule 94 with the proposed effective date?
