Ms. Jean Jewell  
Secretary  
Idaho Public Utilities Commission  
472 W. Washington  
Boise, ID 83702-5983

Re: Case No. AVU-E-04-1: AVU-G-04-1

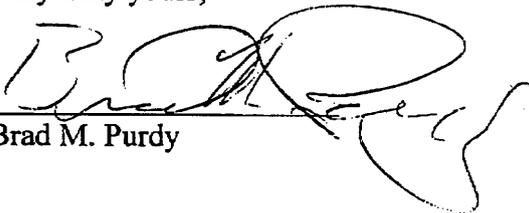

Dear Ms. Jewell:

At the termination of the technical hearing in the above-referenced matter, I represented that I would file Community Action Partnership Association of Idaho's Petition for Intervenor Funding by today. This commitment was based on a misunderstanding on my part as to the dates of the public comment hearings being conducted in North Idaho. My client needs additional time to compile all related costs for inclusion in the petition.

Based on comments made by other attorneys during the hearing, it is my assumption that CAPAI will be the only party seeking intervenor funding. Furthermore, the Commission's final order is not due for several weeks. I have spoken with Lisa Nordstrom who does not see a problem with a request by CAPAI for an additional ten (10) days to seek funding making the new deadline Friday, August 7, 2004.

Please do not hesitate to contact me if you have questions.

Very truly yours,

Brad M. Purdy
