To Whom It May Concern:

It's still not clear to me why Avista is approaching the IPUC for an electric and natural gas increase. It is my understanding that they recently posted a profit of 66%. I respectfully hope that this will be factored in when the IPUC makes its decision.

I appreciate the opportunity to offer input.

Sincerely,
Dennis Thibault

I cannot believe you are considering giving Avista another raise in hikes for their electricity and gas. People in Northern Idaho are hurting now to pay their bills. And are freezing now because we have to keep the temp. so low. And we are wearing coats in our homes, so we don't freeze !!!! Did you not read the paper a couple of weeks ago that Avista earned over 24 millions dollars in their 2nd quarter. And the bonuses and wages the CEO, etc. get ? I DID !! How can they live with themselves , or justify even asking for more rate increases ? PLEASE, DO NOT LET THEM HURT ANYMORE PEOPLE !!! I thought you were in office to help the Idahoians !!
