Please describe your comment briefly:

Avista should not be allowed to continue asking for rate increases. Idaho has one of the highest unemployment rates in the country, a faltering economy and a dismal job market. But Avista continues to ask us to pay more. When I have to decide to pay for food/housing or electricity. I'm positive that Avista will disconnect my power instead of letting my bill go until I am in a better financial position. I pray that you will vote against any increases that they ask for. We Idahians can not afford anymore of their increases.
