Re: Complaint against Intermountain Gas Company and protest over increased natural gas prices

I received my Intermountain Gas Company bill and the notice of a 36% increase in my bill— this on top of the increases of the last few years. This is intolerable, and strangling to the average Idaho home.

You have been given a public trust. Please, we ask you to be true to that trust and help us. This is a time for leadership to help the families, the workers, the people who make our state and nation great. Please defend us against the mismanagement and greed of the Intermountain Gas Company and please help lobby for a coherent energy policy that can provide for our security.

Sincerely,

Greg Palmer
